

## **Celebrating Mother's Day at Springleaf Nature Park**

A Group of enthusiastic Line Dance participants gathered on a beautiful Thursday evening at the Springleaf Nature Park to celebrate Mother's Day together with Er Dr Lee Bee Wah.

It was a simple gathering, but the atmosphere was admirable. Some 50 line-dancers moved in perfect synchronization to the background music. Each elegant step they took with confidence and in perfect harmony. The instructor for this Line Dance Group is Lynda Ngiam who is also a Springleaf Garden resident. This Group gather regularly at Springleaf Nature Park every Thursday evening to practice their Line Dance and get to know each other better.

After the line dancing they celebrated Mother's Day with a sumptuous buffet dinner.
