

Honouring the Merdeka Generation

Together with the CCC, all RCs & NCs have organised events from 2nd June 2019 to 22nd June 2019 in appreciation towards the Merdeka Generation (MG). Er. Dr. Lee Bee Wah presented the MGP cards to many MG residents personally. In all, over 82% of MG residents received their MGP cards by hand. The others will receive them by mail.

Dr. Lee also gave a speech to thank the MGs for their efforts and contributions towards the building of our nation. Details of the package was shared with our residents to inform them about the benefits they get to enjoy. For the benefit of residents, there were also dementia talks by the Health Promotion Board on how to prevent and detect dementia.
